GOVERNOR'S BILL NOT READY YET; SENATE ADJOURNS

Takes Recess Until Tuesday When Measure Will Be Offered.

Both Houses Will Adjourn For Inauguration of Pres. Harding.

Columbus, Feb. 25.—After a brief session this morning the senate recessed until March 8. The house recessed last night until next Tuesday when it will receive the governor's administrative reorganization code and then recess until March 7.

Three new bills were introduced in the senate today. One by Senator Jones of Meigs county would exempt all world war veterans from the payment of tuition fees in state supported schools.

Senator Dewese, of Putnam, offered a bill to establish a municipal court for the city of Piquette. Senator Sandusky, introduced a bill to give probate judges power to send feeble minded or insane persons to their home states and to prohibit persons so afflicted from gaining residence in Ohio.

Senator Dewese of Miami county to day withdrew his bill to permit building and loan associations to act as depositories for public school funds.

Salaries for the proposed heads of the nine departments, to be created under the plan of reorganization have been fixed by the reorganization committee at \$5,000 to \$7,500 a year, according to the importance of the department and the work it will have to supervise. The nine heads of departments are intended to hold the same relation to the governor as cabinet members to the president.

The legislature today has before it a bill to amend the workmen's compensation law that would permit employers carrying their own risk to reimburse with a private life insurance company under supervision of the state industrial commission. The bill introduced by Representative Burns of Washington county is the result of the petition of employers filed with Governor Davis and the legislature asking that employers be permitted to reimburse the risks carried by themselves. Organized labor will fight the measure.

A bill to further strengthen the prohibition enforcement laws by providing for confiscation of vehicles in which liquor is transported illegally also was introduced yesterday by Representative Boylan of Summit county. It is identical with the federal law on this subject. The bill to make it a felony for baseball players or managers of teams as well as other participants in professional or semi-professional sports and the managers to throw a game for money was introduced yesterday by Representative Boylan of Summit county. It is identical with the federal law on this subject. The bill to make it a felony for baseball players or managers of teams as well as other participants in professional or semi-professional sports and the managers to throw a game for money was introduced yesterday by Representative Boylan of Summit county. It is identical with the federal law on this subject.

The house yesterday defeated a bill that would have given Cuyahoga county three additional common pleas judges, but passed one creating a new appellate court district out of Summit, Medina and Lorain counties. Cuyahoga county now with those counties in one appellate district is made into a district in itself.

PULLMAN PASSENGERS MUST HAVE PROTECTION

Cincinnati, Feb. 25.—Passengers asleep in Pullman cars must be protected from the threat of robbery, according to a decision handed down by Judge W. Meredith Yearman in Cincinnati municipal court.

A motion made in behalf of the Pullman company for retrial of the suit of Herman Senneker against the company was denied. The judge held that the company was negligent when he was asleep in a berth, was overruled by the judge and the plaintiff was awarded damages.

The courts ruling in effect was "As a passenger could have no opportunity to watch his baggage when asleep it follows that it is the duty of the Pullman company to maintain a reasonable watch over his property while he is occupying a berth."

LIMITS MAYOR TO 12 WITNESSES

Civil Service Commission Refuses to Allow City to Present 30 Witnesses in Bausch Hearing.

By a decision of the city civil service commission, City Solicitor Henry C. Ashcraft has forced this afternoon to reduce his witness list from about 30 to 12 names when the case in which Mayor H. A. Atherton suspended Chief Louis Bausch, came up for hearing.

Attention to the commission was called to a rule adopted by the commission, limiting each side to five witnesses.

Solicitor Ashcraft told the commission he could not adequately present the case with five witnesses. After a conference the commission allowed the prosecution 12 witnesses.

These are Guy E. White, Charles Hepler, Peter Roe, George Gearhart, R. C. Gierke, Lon Lee, M. J. Reese, John Stumm, Lee S. Pemberton, and W. C. Christian.

HOOVER'S PLANS HAVE APPROVAL OF MR. HARDING

Selection For Commercial Portfolio Is Confirmed By President.

Hoover Admits He Has Accepted Appointment to Position.

St. Augustine, Fla., Feb. 25.—President-elect Harding's selection of Herbert Hoover to be secretary of commerce in the coming administration finally was confirmed by Mr. Harding today after a series of developments that at one time seemed likely to lead to cancellation of the appointment.

At the same time the president-elect virtually confirmed also the selection of Henry Wallace of Iowa, to be secretary of agriculture. The selection of Mr. Wallace has been well known for some time although previously Mr. Harding had declined to discuss it.

Mr. Harding announced that he had found himself in perfect accord with the policies urged by Mr. Hoover as a condition of his entering the cabinet and that the entire incident had been closed with a definite acceptance from the former food administrator.

HOOVER CAN'T TALK NOW SAYS ASSISTANT

New York, Feb. 25.—Herbert Hoover today declined to amplify his statement of last night that he had accepted President-elect Harding's appointment as the next secretary of commerce.

George Barr Haley, his assistant in announcing that his chief had begun a hard "14 hour day" said "The matter now is in the hands of official Washington. It would probably be inappropriate for Mr. Hoover as a subordinate to talk on the problems that beset the administration or those he will be obliged to meet when he takes his post."

Julia Marlowe, famous co-star in Shakespearean repertoire with her husband, E. H. Sothern, has received the honorary degree of doctor of laws from the University of Washington. The degree was conferred during centennial convocation exercises at the university on Washington's birthday.

CAMERA SAYS BUSINESS IS GOOD IN NEW ENGLAND

Crowd of shoppers on Tremont street in Boston.

The pessimistic merchant may hear up a bit if he will study his photograph which was taken last week in Boston. If the camera does not lie, it means that business is pretty brisk in New England, for this is a group of shoppers on Tremont street.

It does not look much like "depression," does it? Many experts now believe the industrial crisis is past.

BANKERS KICK ON SALARY PROBE

Consult Attorneys Before Including in National Bank Report, List of Salaries of Officials.

New York, Feb. 25.—Keen interest was evinced in Wall street today in the order of the comptroller of the treasury calling for a report on salaries of national bank officials in connection with the national bank call issued yesterday.

Rendering of the report, it was pointed out would mean the making public of the great range of bank officials' salaries, as the law requires that banks' statements in response to the comptroller's call must be published. Some bankers were reported to be seeking legal advice as to whether the order which was said to be unprecedented could be evaded.

These bankers were quoted as holding that publication of such information would be the source of evitable confusion among the public and might cause unjust reflection on the industry as a whole. The comptroller in his recent annual report called for the salaries of bank officials, said he expected the comptroller that bank stock holders should be informed as to salaries paid to executives.

BUY ACE TRUCK FOR NEW SERVICE

Twenty-four Passenger Car Will Be Put Into Service Between Newark and Granville In Two Weeks.

Edmund F. Rose and Ralph Thomas, completed a deal with the American Motor Truck company today for the purchase of an Ace truck. The truck is to be equipped with a bus body similar to the ones operated by the Fifth Avenue Coach company in New York city. It will have a 24 passenger capacity.

The American Motor Truck company expects to complete the bus in ten days and soon after that time the owners will place it in service between Granville and Newark.

4 ARMED MEN ROB MAIL CAR

Present Rifle to Engineer's Head, Stop Train and Force Mail Crew to Give Up Valuables.

Roodhouse, Ill., Feb. 25.—Posses today are combing the Mississippi river bottoms in the vicinity of Quincy Junction 37 miles west of here, where four men armed with rifles held up Chicago and Alton passenger train number 10 from Kansas City to Chicago early this morning and escaped after forcing the mail clerk to hand over three registered letters and a restricted package.

Reports received at the division of files of the railroad here indicate the amount stolen by the bandits will not exceed \$50.

Messenger Ayres in charge of the baggage car saved several hundred dollars in express remittances by hiding the pouch containing the money. When he heard the bandits order the door of the mail car opened, he hid the pouch in a hole in the wall. Several weeks ago at almost the same spot when the bandits obtained \$9 from the members of the train crew. It is believed the same men were implied in both holdups. Ayres said one of the men resembled a participant in the previous holdup.

The train was crossing the Missouri river when a masked man armed with a rifle, crawled over the tender and covering Francis Donahue of Slater, ordered him to stop at Quincy Junction a mile east.

As the train halted the other three men joined their companion, and told Donahue to go back and cut off the mail and baggage cars and proceed up the track about a mile.

The robbers gained more than two hours start before the posses began the search.

POSTAL CLERK HASN'T MADE ROBBERY REPORT

Chicago, Feb. 25.—Postal inspectors today are trying to locate the postal clerk in charge of the Chicago and Alton mail car which was robbed early today near Quincy Junction, Illinois. It was said he had not yet reported to the federal officers and postal officials could give no estimate of the amount of the loot. They said their reports were that one package and several letters were taken.

HARDING CLAMPS DOWN LID; WILL NOT TALK CABINET

Refuses to Comment on Hoover's Tentative Acceptance of Portfolio.

No Other Member of Proposed Cabinet Has Outlined Policies.

St. Augustine, Fla., Feb. 25.—With developments moving towards final confirmation of his tentative cabinet slate, President-elect Harding took a holiday from cabinet making and motored to Jacksonville today for a visit of courtesy. He will return tonight.

Mr. Harding continued his silence regarding the whole cabinet situation and efforts early in the day to secure comment on Herbert Hoover's acceptance of the commerce portfolio were unavailing. Since the president-elect began choosing his cabinet, he has taken the attitude that too much was being published about his deliberations and it was apparent today that he intended now to clamp down the lid even tighter.

The latest information available here regarding Mr. Harding's status was Harding's statement of yesterday afternoon when under repeated questioning he declared no cabinet place had been offered to the former food administrator. His denial was not interpreted however, as discrediting indications that negotiations with Mr. Hoover on the subject actually had been under way for some time. It has been known for several days that Mr. Hoover had been selected for the commerce post.

Under the circumstances Mr. Hoover will enter the cabinet with an unusual status. So far as is known here, no other members has outlined a department policy in detail as a condition of accepting his portfolio. It is expected that the result of Mr. Harding's acceptance of the terms laid down by the former food administrator will be to put the latter in a commanding position as far as the organization of the department is concerned.

In Jacksonville today Mr. Harding was the guest of the city at a public luncheon early in the afternoon and was to spend several hours afterward at a Masonic meeting. He will make no formal address.

EMPRESS NEAR DEATH, IS REPORT

Potsdam Officials Prepare Burial Plot—Word From Doorn Says She Is Unconscious.

Potsdam, Germany, Feb. 24.—Former Empress Augusta Victoria of Prussia is reported to be unconscious at Doorn, Holland, in private telegrams received here tonight. It is said there is no hope for her recovery and her early demise is indicated.

WORKERS RAISE SOCIALIST FLAG

Locked Out By Company Erecting Plant, Men Take Charge and Refuse to Leave.

Paris, Feb. 25.—The red flag was raised today by French electrical workers under construction at Gennevilliers just north of Paris by work men who refused to quit the place in spite of a lockout declared by the company. A large force of police and a small detachment of troops were called out to maintain order.

The company reduced wages, and the workmen, it was claimed by the employers had let down in their efforts. Therefore a lockout was decided upon.

HARDING WANTS NAVY PROGRAM CARRIED OUT

Washington, Feb. 25.—President-elect Harding sent word today to senate Republican leaders that he desired adequate appropriations over the navy and favored continuing the present building program without material reductions.

With this definite statement of what was regarded as the new administration's naval policy, senate Republican leaders declared they would insist upon the senate increases over the house bill in the naval appropriations bill, even at the risk of defeating the bill at this session.

Milady's Boudoir

Beauty of the Mouth.

The mouth is truly beautiful if it is kept clean. Many women, in fact most of them, give their teeth a good cleaning several times a day, but how many wonder, take the pains to clean their mouths. It should be rinsed out every morning and night with an antiseptic mouth wash and then carefully brushed out with a piece of cheese cloth dipped in warm water, to which a little common baking soda has been added. Wipe the tongue off carefully, around the gums and up about the roof of the mouth.

Here is a mouth wash that can be made at home. Rub together in a mortar or bowl a half ounce each of pulverized borax and strained honey. Then add gradually a pint of alcohol and half an ounce each of gum myrrh and red sanders wood. Let the whole stand in a wide mouthed bottle for two weeks. Shake the bottle every day and, after two weeks, pass it through a filtering paper and it is ready for use.

With the care of the mouth, of course the care of the teeth should not be neglected. They should be brushed after each meal and before going to bed. A piece of dental floss should be used to dislodge any particles of food which the brush does not remove. Here is a recipe for a tooth powder. Pound and mix, or buy already pulverized, five ounces of Arce, hot charcoal, one ounce of rice, but powdered raw and two ounces of cuttlefish bone. Mix together. Two or three drops of oil of clove may be added if you like, making the powder rather pleasing to the taste.

Our Boys and Girls

Boys and girls should always have their own allowance in proportion to the means of their parents as soon as they are old enough to know the value of money. An allowance is the best safeguard against the habit of extravagance, if the child is taught to spend his money judiciously and to keep a strict account of all expenditures.

It is absurd to think that a boy is not capable of buying his own neckwear or a girl her own handkerchiefs. What if they do make mistakes? They can be taught to profit by them and they must learn to rely upon themselves sooner or later. Children like to be trusted and will seldom betray confidence. To give castor oil or cod liver oil to children, not babies, pour a little hot milk into a small glass, then pour the oil in the center of the milk and carefully pour a little more of the milk on top. If the whole is taken without stopping the oil will not be tasted at all.

DAYTON'S GAS PROBLEM IN FEDERAL COURT

Columbus, Feb. 25.—The suit of the Gas Consumers' league of Dayton, seeking to secure an injunction preventing the Dayton Gas and Fuel company from collecting for gas under an ordinance passed by the city commission increasing rates, will be decided Monday at 10 a. m. by Federal Judge Sater, he announced yesterday at the conclusion of a hearing before him. It is claimed by the Gas Consumers' league that an ordinance, passed in 1916, fixing the rate for 10 years, and under which consumers pay 84 1/2 cents per thousand cubic feet, cannot be abrogated by the new ordinance, which sets a sliding scale rate of 50 to 60 cents per thousand cubic feet.

Readers' Viewpoint

Advertising Newark.
Editor The Advocate.—In an editorial on "Stunt Advertising" you suggest that Newark needs advertising. We are reminded that it had some very undesirable "stunt" advertising a few years ago from which it hasn't yet fully recovered. But why not advertise Newark another way? Why not make it the center of quality food production? Take flour for one example. Go into your retail food shops and what do you find? A few sacks of Newark-made flour while most of the flour offered for sale is made in Columbus, Zanesville, Coshocton, Mt. Vernon, Toledo, Minneapolis, etc., while local bakeries import this foreign flour by the car load. In fact a gentleman connected with the industry for the past 25 years said that less than 20 per cent of the flour used in Newark is made here. Newark people are helping to advertise every other city but their own every time they eat a slice of bread made from this foreign flour! Then your chamber of commerce takes the country with a fine tooth rake to find some new industry to bring to Newark, while a great opportunity lies all undeveloped right at your own door.

Licking county farmers in 1919 produced more than a million bushels of wheat. The bulk of this wheat was shipped out of the country just as it came from the farms. Had this wheat been made into flour and packed in 24 1/2 pound sacks it would have filled 1,750,000 such packages, each one bearing the "Made in Newark" trademark. Would not that help put Newark on the map?

If your chamber of commerce wants to co-operate with the farmers of Licking county why doesn't it begin at home by eating Licking county wheat and converting the surplus into flour and selling it at home thereby affording the farmers a home market for their products. Every dollar brought into Licking county for farm products means that much more new wealth; more deposits in our banks; more cash with which to patronize Newark merchants. Incidentally Mr. Editor, if the estimate given at the beginning of this letter is correct, Newark people sent last year over \$300,000 to other cities for flour, while Newark mills operated only part of the time and Licking county farmers had to find a market elsewhere for their wheat.

The next time you eat something made from wheat, just ask yourself "Where did this grow? Why not advertise Newark—and Licking county?"

FELT MY TROUBLES GOING DAY BY DAY

NEWARK Resident Says he is Better Than in Past Four Years. Took Only Two Bottles of Dreo, Gained Six Pounds.

Could anything be more convincing than the open, honest statement of a man right here at home? This tells exactly what Dreo has already done and what others may expect by taking Dreo the great herb remedy.

"I'm better than I've been for four years and two bottles of Dreo is what brought about the change," stated Mr. Alden Hyatt of 29 Walnut Ave., Newark, Ohio.

"I suffered from gas in my stomach, constipation, sluggish liver, nervousness and heartburn. My troubles kept me from sleeping sound and I'd wake next morning feeling tired and drowsy and not fit for work."

"I could feel myself getting better, gradually day by day, after I began taking Dreo. My bowels active and regular, the dizzy spells ceased, my food no longer became sour in my stomach so that put a stop to the gas and heartburn, and my nerves got steady so that my sleep was sound and refreshing. I've finished my second bottle of Dreo and feel better than I have in years. I can safely advise anyone who has these troubles to take Dreo for it will surely help them."

Dreo is being introduced by Evan's Cut Rate Drug Store in Newark, Ohio, specially sold by all druggists. Adv.

WHEN YOU USE IODINE

For Soreness, Lameness, Cuts or Bruises.

Iodine has been used as a general antiseptic healing agent and first aid dressing for minor injuries for over one hundred years, and today seems to be even more popular than ever.

In nearly every home the iodine bottle has a prominent place. But ordinary Tincture of Iodine is objectionable in that it always stains and often irritates or blisters the flesh.

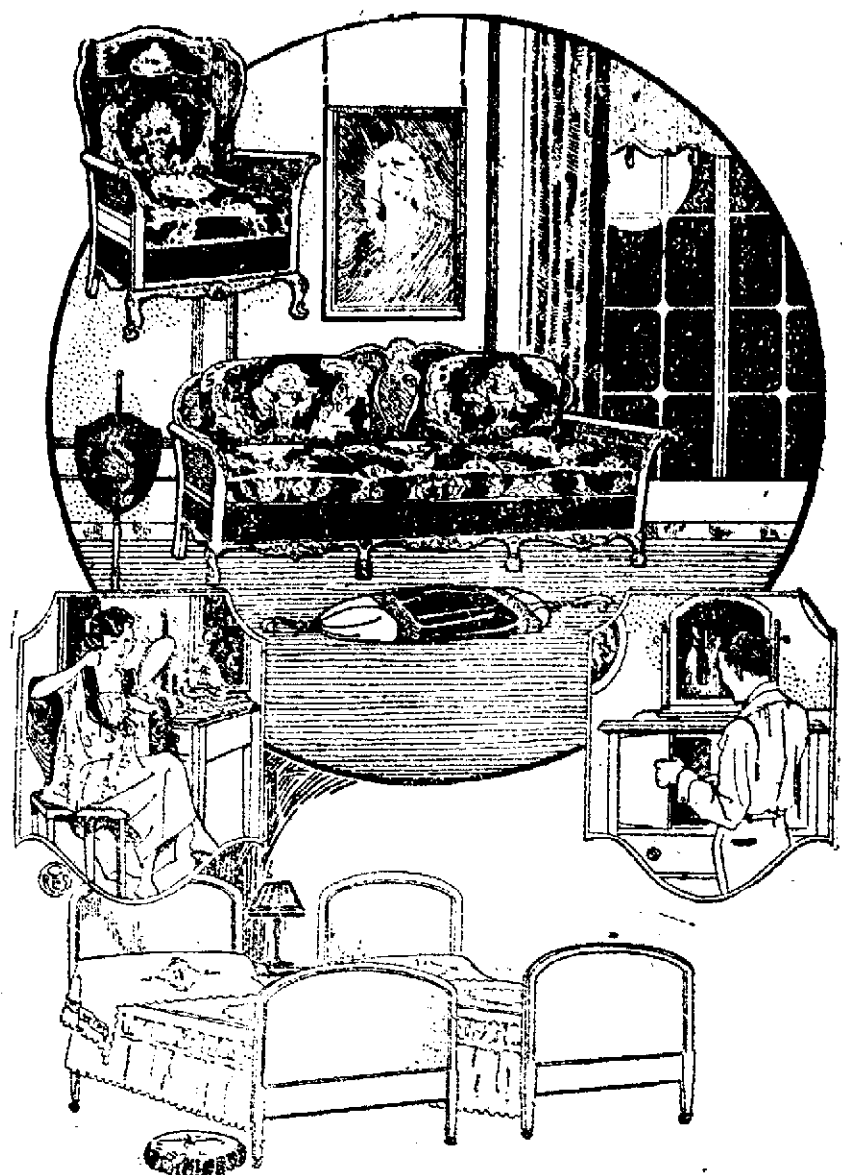

To overcome these serious disadvantages of the Tincture of Iodine and still retain 100 percent medicinal value, has long been a problem which has finally been successfully solved by a well-known Syracuse Chemist who has recently marketed a preparation called Lanolated Iodine Compound, which, according to tests made by Physicians, Hospitals and many local users, effectively takes the place of the old-fashioned Tincture.

It goes further and costs less, at the same time offering a dependable Iodine medication that can not evaporate, stain, irritate or blister and does not lose its strength.

The next time you want to use Iodine—Try Lanolated Iodine. Money back if you don't like it better than the Tincture. Any good druggist can now supply you.

Don't cast your bread upon the water with the hope that you are going to get any crumbs of comfort therefrom.

Meeting To-days Conditions

NEVER before has the country passed through such a wave of prosperity as that we have just experienced—never before has the inability to produce sufficient manufactured goods forced prices so high. But at last we have reached the turning point. The conditions of today make it imperative that furniture come down.

THOUGH we have, on our floors, stocks purchased at war time prices we must sell at today's reduced prices and we are willing to take a loss to do it. We have marked down every piece of furniture to a price considered a good bargain, even in these times. Original cost has been disregarded.

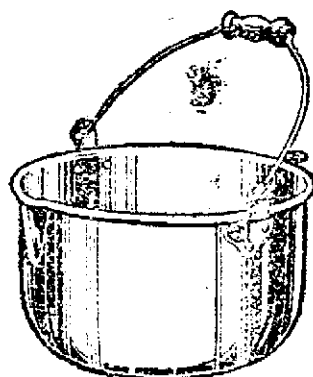

TO enable you to take advantage of these phenomenal prices, we are extending our liberal credit offer making it possible for you to actually save money by buying now and paying later. This offer permits you to furnish your house at low prices and pay for it as the prices mount. Don't miss this opportunity of a life time!

The pendulum, right now, is at the bottom of the swing. These prices we quote are the lowest possible prices that can be quoted on furniture. The wise man will buy NOW before the upward swing—and save money.

REGAINS STRENGTH

Redex Gave Mrs. Layton Much Needed Relief Due to a General Run-Down Condition.

Redex the new herbal remedy is a modern remedy for stomach's ailments and bodily ills. It is made from the juices and extracts of medicinal plants brought up to date by modern science, and is one of the best remedies to be found for ailments of the stomach, liver, kidneys and blood.

Mrs. Eliza J. Layton, an old time resident of Coshocton, 74 years of age, and who lives at 125 S. 8th street, is happy and cheerful over her experience with Redex. She says: "I have been weak and ailing for a long time; my appetite was poor and I was very nervous; at times I was scarcely strong enough to stand on my feet and get around. I have been taking Redex for about two weeks and it has helped me wonderfully; it has given me a good appetite and brought my strength back; it has helped my shattered nerves and has given me new life and ambition."

Redex is a herbal remedy, composed of ingredients recognized by physicians throughout the world for their medicinal value; it is compounded with exacting care by expert pharmacists, and is guaranteed to be absolutely free from narcotics or habit producing drugs.

Redex is on sale at E. M. Evans, and all first class druggists in Newark.

FISH READY TO SPAWN; IT MEANS EARLY SPRING

Bass and robins and snakes and other things have been reported here and there may have been nipped by the cold wave, and one man does claim to have caught a bass a few days since, but the first really authentic report that has come this way since last fall of a real string of fish being caught at Buckeye Lake has been forwarded by John Windnagle, of Columbus.

Last week Mr. Windnagle, who seldom misses an opportunity to do a bit of angling, spent a day at Buckeye Lake. He was rewarded for his trouble by 15 snoutfish and perch, all of good size.

And what's more, Mr. Windnagle reports that an early spring is a sure thing in that some of the fish were filled with eggs ready for spawning.

SUMMIT STATION.

Mr. and Mrs. Albert Heem of Summit Station on Wednesday, February 16, celebrated their golden wedding anniversary at their home. A few of their nearly neighbors and friends gathered to enjoy the event with them. Beautiful flowers and other substantial tokens of remembrance came from friends near and far, even from Florida and Kansas. Few are the instances where couples live for 50 years together and celebrate the event. They were born in this community and were married here. Excepting a few years living in Iowa after their marriage they have lived here where they were born. They are well known by almost everybody in the vicinity and held in high regard for their fine hospitality, great kindness, charity and all manner of good works. Not only their intimate friends but an entire community extended to the worthy couple hearty congratulations and best wishes.

HEBRON REVIVAL.

Evangelistic services started last week at the Church of Christ. A feature of the meetings is the exhibition of motion pictures based on the Bible. Wednesday evening the parable of the Good Samaritan was shown in one reel. Thursday night "The Call of Samuel" was shown. The moving picture machine was installed by the Men's Bible pictures. A million dollar church corporation is now turning out Bible pictures and other moral and educational reels for use in the church. A reel of pictures will be shown every night this week and next week except Saturday. Next Sunday evening "The Prodigal Son" will be shown.

FRANKLIN CORN SHOW.

The corn and apple show held at the Franklin township hall last Thursday evening was regarded as a success for a beginning. A large number of samples of corn and apples were on display while the women brought samples of home-made candy that rivalled the products of the candy shops. Mr. Porter of Hebron judged the corn and was greatly surprised to find such a fine lot of corn growing on hill land. The best three lots according to his selection were grown by O. H. Courson, S. L. Dushimer and A. J. Hazlett.

The apples and candy were judged by those in attendance eating what they wanted. Mr. Mowis was present and talked on co-operation.

Kingnut

MARGARIN

for people of taste

Kingnut adds flavor to vegetables

THE essence of the flaky cocoa-nut, the oil of the wholesome peanut, the pure, pasteurized milk of the cow—these make Kingnut. Its price may cause it to fill a long-felt want of the kitchen; but its smooth, fine flavor makes it a discovery for the table. Try it. Put Kingnut on your grocer's list for today.

HEBRON SCHOOLS HAVE PATRIOTIC PROGRAM

The schools of Hebron celebrated the birthday anniversaries of Washington and Lincoln.

A large delegation of the patriotic organizations of Newark attended the exercises. Members of the Old Guard accompanied by the drum corps, members of the U. V. L., G. A. R., W. R. C. and D. of V., more than 50 in number were in the party.

Short addresses were given by Rev. Paul P. Rugg, O. E. Hunt and Mrs. H. D. Burch. Lincoln's Gettysburg address was recited by Miss Mildred Geiger. The monologue, "Hats Off to the Flag" was given by Bertha Florence Bevellymer.

The Hebron school furnished the musical part of the program.

At the close of the meeting a lunch was served all visitors. Col. H. D. Burch, patriotic instructor of Lenox post G. A. R. was chairman of the meeting.

CHILE WILL HARNESS WATER RESOURCES

Santiago, Chile.—Vast natural water-power resources in the central provinces of Chile are to be put to use to generate electricity for Santiago, Valparaiso and neighboring cities and towns. A company, capitalized at \$3,250,000, has been formed for the purpose, and work already has been started on a hydro-electric plant on the Colorado river, near Santiago, where it is expected 18,000 horsepower can be developed. The project is backed largely by Chilean capital.

BASIS for the promotion of the company was the need of more power by both the Valparaiso and Santiago street railways and by mining and industrial enterprises. Until recently no water-power concessions in Chile were granted by the president of the republic for more than 35 years, but the latest concessions are said to be perpetual.

MAY BAR U. S. SOLDIER.

The literary test of the Immigration Law sometimes presents peculiar difficulties. Dimitrios Robos, a young Greek, arrived at Ellis Island a short time ago, and because he was unable to read 40 words in any language, his entrance to the United States could not legally be allowed. Robos, however, while not an American citizen, had been in the American army in France. Had he returned with his regiment, he could have entered without difficulty, but my making a 15 months visit to home in Europe his case has been complicated.

When asked by immigration officials if he understood English, he replied that he had understood all the commands given him in France and that as he had lived in American for several years before the war, he felt sure that he would not get lost here. However, the law remains the law, and if the Department of Labor is unable to assist him, this soldier must sail back to Greece to learn to read before returning to America.

The man who is too proud to beg and too honest to steal shouldn't aspire to a political job.

WANT FIGURES ON NORMALCY

Washington, Feb. 25.—In an effort to gather accurate information as to just what manufacturers' retail merchants and jobbers are doing to reduce personnel and other costs to a "normal basis" the chamber of commerce of the United States has sent a questionnaire to thousands of business houses, it was announced here today.

WAR EXISTS IN IRELAND.

Dublin, Feb. 25.—The king's bench, composed of the chief justice and four other judges rendered an important decision yesterday in a case involving the powers of the military. The judges unanimously decided that a state of war existed and that the military had full power to destroy the insurrection without interference by the civil courts.

FORTIETH BANK FAILS.

Bismarck, N. D., Feb. 25.—The Farmers' State Bank of Bradock closed yesterday, due to depleted reserves, according to word received by O. E. Lofthus state bank examiner. Forty banks in this state have suspended business since November. Two have reopened.

CATHOLIC CHRISTMAS DONATION IS \$30,000

The Christmas offerings taken up in the Catholic churches of the Columbus diocese, which is given to the orphanages of St. Vincents and St. Ann's in Columbus amounted to almost \$30,000 this year. The offering at the Church of the Blessed Sacrament amounted to \$335.46 and at St. Francis de Sales church \$625 was collected.

The total amount collected in the diocese was \$29,916.97. In a report recently published in the Catholic Columbian Rev. Father Goldschmidt the chairman stated that the offering of 1920 surpasses that of any former Christmas.

PASTOR ACQUITTED.

Sandwich, Ontario, Feb. 25.—One of Canada's most dramatic murder trials ended yesterday when a jury after less than an hour's deliberation, found the Rev. J. O. L. Spracklin, former liquor license inspector and pastor of Sandwich Methodist church, not guilty of manslaughter in killing Beverly Trumble, an innkeeper, during a raid on the inn November 5.

Fordson

THE Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm but along lines of commercial business; especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work; because he can take advantage of weather in preparing his seed bed; he can do it at the right time; the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor.

MICHELIN GUIDES TO BATTLE FIELDS OF WORLD WAR

Leslie Grove Oil Company Has First 10 Volumes On Exhibit.

The Michelin Tire Company have a factory in Clermont Ferrand, France are publishing a book of twenty volumes entitled, "The Battle Fields of the Great War." These volumes of which there are now ready for the American market are published for the guidance and information of tourists who are planning to visit the scene of the great conflict. The books give an accurate record of the events, and are worth many times the price asked. The Michelin Tire Company is placing them on the market through the Leslie Grove Oil Company in all parts of the country and at a price that places them within the reach of all. The price is only \$9.00 for the 10 volumes—now ready. If these valuable books were sold through regular book dealers, the price would be much more. The Michelin Company is placing them on the market at this low price so that their thousands of patrons may have the opportunity of owning a set. Leslie Grove Oil Company dealer now has on sale the first 10 volumes, and you can inspect them at your convenience. KIDDIES' SPRING MILLINERY REVIEW
The Mohr Hat Shop, ever alert as to the latest ideas of showing their beautiful line of Spring Millinery, have secured the services of Mrs. Frank W. Little "Who produced the big hit of the recent Elks Minstrels" (The Minstrel Ballet, with Maxmilliney) to produce the Kiddles' Spring Millinery Review, at the Auditorium theater on March 14, 15 and 16 with a special matinee for children on Wed. the 16th. This Review will be an innovation inasmuch as it is a real show displaying the new spring millinery in conjunction with a variety of singing and dancing by twenty of Newark's Daintiest Maidens. So don't forget the dates as it is predicted that a Capacity audience will attend each performance. 2-25-17

THE COURTS

Appellate Court Decisions.
The court of appeals which ended its three day session here this noon announced the following decisions of the week:

T. and O. C. Ry. Co. vs. Village of Hartford; passed, for hearing to another court of appeals.

Emma F. Moran vs. James G. Moran; judgment of common pleas court affirmed and case remanded to the common pleas court for execution.

Little DeFrance vs. Wm. A. DeFrance; decree for divorce was granted in favor of plaintiff as prayed for in her petition, and decree awarding plaintiff the real estate in her petition described.

B. G. Smythe vs. Mary J. Lingafelter, et al.; a suit to determine the proper distribution of a fund arising from the sale of real estate. The court affirmed and approved the conclusions reached by the referee. Charles N. Moore, heretofore appointed by the court, and the court affirmed the report.

Eliza Murphy vs. T. Alfred Liemming, state fire marshal, et al.; a suit to restrain the tearing down of a building. Demurrer to plaintiff's petition was sustained, and judgment entered for defendant.

The A. P. Hess Auto company vs. The Standard Motor Car company; a suit brought upon contract for the sale of automobiles. The judgment of the common pleas court was affirmed.

David S. Criss et al. vs. Sarah Myers; a suit growing out of an auto accident. The court held the case under advisement, and will announce a decision later.

Wm. P. Guttridge vs. City of Newark, et al. The petition in error was dismissed.

The case of Floyd Norris vs. M. S. McKee was continued.

The case of Max Dix vs. City of Newark was continued.

Cleveland Boyer vs. Ohio, ex rel. Mabel Price; continued.

out of a collision between the Criss Brothers ambulance and an automobile in which Sarah Myers was riding. The court took the case under advisement.

Charges Cruelty.

In probate court yesterday Blanche Baker filed suit against Murray Baker charging cruelty and gross neglect. An application to keep him from interfering with Mrs. Baker and their three children, divorce and alimony are sought of the court. Ralph Norpell is the attorney for Mrs. Baker.

Sues on Note.

Elizabeth B. Jones filed suit against Harley Black et al. in common pleas court yesterday afternoon for the recovery of \$1112 on a promissory note secured by a mortgage on lot 1026 in Hull's second addition. Interest is

claimed from November 11, 1919. The Home Building association which has an interest in the property is asked to file an answer and set up their claim to the property. Ralph Norpell is the attorney for the plaintiff.

Sues For Divorce.

Harry M. Ramey filed suit for divorce from Della Ramey in common pleas court yesterday through his attorney, B. G. Smythe. Abandonment and misconduct are the charges named.

Newark Attorney Sued.

In a petition filed this week at Co-shocton B. G. Smythe local attorney, is named as a defendant in the case which is over the mineral rights to 250 acres of land in Coshocton county. The petition was filed by Sarah Smythe, Seymour of Cleveland. The petition claims that B. G. Smythe falsely executed a lease of the land to other defendants and that the defendants together are disposing of the mineral coal, being mined. The court is asked to order the defendant to prove their interests in the land and that B. G. Smythe be ordered to make an accounting of the coal mined and disposed of.

YOU CAN

IF WE CAN

In our demonstrations of economical use of gas we operate our appliances on a pressure much below what our patrons are provided with.

We bake, cook and heat in a very satisfactory way with one-third to one-half the consumption of gas in the average home used for like purposes.

The only cause for the difference in results obtained is that the appliances we use are properly adjusted to burn gas more efficiently.

We are teaching patrons who call at our office how to raise and adjust cook-stove burners and what types of room heaters are economical.

Here is your opportunity, consumers, to save gas and save expense, by a little attention to your appliances, and that is why we say to you, that you can, if we can.

Fifty-seven major disasters in United States in 1920, requiring American Red Cross disaster relief, resulted in 425 deaths, injuries to 2,700 and property loss estimated at \$11,250,000, according to official report from Red Cross National Headquarters.

TURK WON'T SPEAK GERMAN

Advent of Americans Helps to Popularize English Language in the Levant.

Constantinople.—The Germans have failed in their effort to stamp their culture upon the Turk and, instead, the English language is beginning to rank next to French in the commercial life of the Levant.

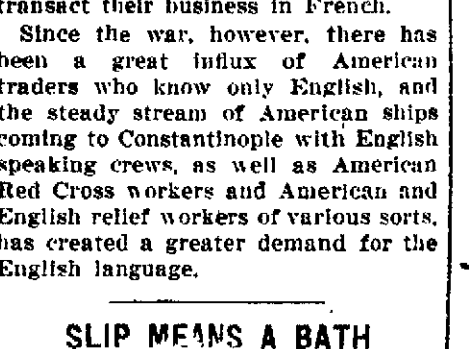

In the war period German language schools were opened throughout Constantinople in which German officers were required to teach and German papers were circulated by all possible means. But the results were almost nil. Most of the schools were free and failed to attract the better classes, and French was too strongly entrenched as the language of trade and social intercourse to be displaced.

Since the armistice Italians have been working industriously to popularize their language and literature. Italian officers are teaching in schools as the Germans did. But their schools are well attended only in the poorer parts of the city.

Turkish is little used in important commercial transactions in Constantinople as nearly all business men of whatever nationality speak French. The English who have been in business in Turkey for years, generally transact their business in French.

Since the war, however, there has been a great influx of American traders who know only English, and the steady stream of American ships coming to Constantinople with English speaking crews, as well as American Red Cross workers and American English relief workers of various sorts, has created a greater demand for the English language.

SLIP MEANS A BATH

The bridge across a stream near Olongapo in the Philippine Islands consists of two pieces of cable, one for footing and one overhead to which the crosser hangs in an effort to prevent an unexpected bath. The natives can cross it with ease, but the tourist usually passes it up and takes a bamboo ferry across.

MANY SUICIDES IN HUNGARY

Attributed to Grief Over Government's Decision to Sign Peace Treaty.

Budapest.—The publication of the decision of the Hungarian government to sign the treaty of peace presented by the allies did not lead to disorders, but the situation resulting from the news appears to be grave.

Gloom pervaded the city the first day after the news was printed in newspapers here, and streets that are usually filled with gay and brilliant throngs were almost deserted. Guards had been posted everywhere by the government. It is reported that bodies of many supposed suicides have been found in the Danube, and the newspapers attribute these to the government's action.

Conditions in West Hungary seem to be very serious, reports stating that Hungarian soldiers plan to disobey orders from this city to evacuate territory under the treaty.

Soviet Russia to Show Big Deficit

London.—The official organ of the Russian bolshevik government reports an estimated deficit for 1920 on the operations of nationalized industries of 23,750,000,000 rubles, according to a Berlin dispatch to the Exchange Telegraph company.

The total includes 5,630,000,000 rubles spent on official salaries and on organization of the industries, 14,393,000,000 rubles lost owing to production cost exceeding sale prices and 1,220,000,000 rubles spent on political measures which were found necessary to keep the workmen quiet.

His Memory Lives in Music.
Lawrenceburg, Ind.—Whenever the pipe organ is played in the Benham Methodist Episcopal church it will hear a message from France, where lies the body of Harry C. May, killed in the Arizona. When he enlisted for war service May made a will bequeathing a sum for a pipe organ for his church. It has just been dedicated.

"PARIS COMES TO AMERICA"

English Visitor Finds French Influence, Especially in Architecture.

It used to be said that good Americans when they died went to Paris. The Parisian lure no doubt is still powerful; but every day I should guess that more of Paris comes to America. The upper parts of New York have boulevards and apartment houses very like the real thing, and I noticed that the architecture of France exerts a special attraction for the rich man decreeing himself a pleasure dome.

There are millionaires' residences in New York that might have been transplanted not only from the Avenue du Bois de Boulogne but from Touraine itself; while when I made my pilgrimage to Mr. Widener's, just outside Philadelphia, I found Rembrandt's "Mill" and Manet's dead bull fighter, and a Vermeer, and a little meadow painted divinely by Colot and El Greco's family group, and Donatello's St. George, and one of the most lovely scenes that ever was created by Turner's enchanted brush, all enshrined in a palace which Louis Selze might have built.

But America is still more French than this. Her women can not be less soignée than those of France, although they suggest a cooler blood and less dependence on male society; her shops can be as distinguished as those of the Rue de la Paix and far more costly; and her bread is better than France's best. Moreover, when it comes to night, and the Broadway constellations challenge the darkness, New York leaves Paris far behind. For every cabaret and supper resort that Paris can provide New York has three; and for every dancing floor in Paris New York has 30.

Good Americans, however, will still remain faithful to their old posthumous love, if only for her wine.—E. V. Lucas in The Outlook.

SHIPS' SIRENS SOUND CODES

Whistle Blasts Give All Information Necessary to All Whom It May Concern.

As ships pass in and out of port their sirens sound a code which enables all that is necessary to be said to all whom it may concern. Two tugboats, one concealed from the other by the vessel they are taking to her berth, will rattle away, one telling the other what to do, and perhaps each in turn pleading with the pilot on the liner's bridge to stop his engines, to go ahead or astern, or do half a dozen things.

Sirens of the big shipping liners mostly have individual notes, and they have calls of their own when nearing port. The Cunarder announces her approach by three long blasts, the White Star and Allan liner by three, Dominion four, while Leyland's vessels run to six sounded in three twos, with a marked interval between each pair. Boats of the African line have a threefold call, one long and two short; Johnsons are quite garrulous with eight, Alexanders tugs five, and Rectors two long and two short, while the Cook boats adhere to their old formula of Cook-a-doodle-doo.

Hanged for Symmetry.

One rarely sees a hunchbacked person nowadays. People thus afflicted used to be far more numerous. But medical science has learned how to treat such cases, as well as lateral curvatures of the spine, with remarkable success.

Harold J. Rink of Chicago, has newly patented a contrivance for the purpose of straightening backbones which is interesting. The patient is literally hung up in a doorway by the chin, his toes barely touching the ground. Thus his spinal column is pulled straight, while cords attached to belts that he wears, one under the arms, and the other about the hips, exert drag sideways to correct a curvature.

Guiding Ships Into Harbor.

Experiments like those which the navy department is now making toward the piloting of craft into the harbor appear to be meeting with success. They are certainly worth making. The method is a combination of cable with wireless guidance. An earlier check, the frequent breakage of the cable, has been overcome. It only remains to develop the technique in detail. Very likely the time will come when entering New York harbor will be almost as exactly marked a procedure as driving about the streets in the center of the town according to traffic regulations.—New York Sun.

Acquaintance Limited.

A new clerk in an Anderson department store was asked by a woman customer where she might find mosquito bar. The clerk, misunderstanding, answered:

"I haven't been here long, so I don't believe I know where you will find Miss Kain Barr."

Then studying a moment, after seeing the puzzled look of the customer, she begged pardon and said hurriedly that the mosquito bar was in the basement.

Rubber Imports Increase.

A marked increase in the amount of crude rubber imported into this country is shown by figures for the fiscal year ended June 30, 1920, compiled by the National City bank of New York. During the year 600,000 pounds were imported, as compared with 32,000,000 in 1919. Two-thirds of the amount imported was used for auto tires.

The most important inland river, commercially, in the United States is the Ohio.

RADIO AMATEURS IN ASSOCIATION

To Give Harding's Speech Publicity Through Means of Amplifier—May Establish Radio Class.

The Licking County Wireless Association was organized Thursday evening at Raymond Murphy's station at his home in Granville street.

There were about 25 members present, all of whom are equipped with wireless sets, and while most of them are amateurs they are able to talk to each other about the city.

The following officers were elected: Raymond Murphy, president; Harry Bowers, vice president; Robert Shauk, secretary; Paul Horton, assistant secretary; and Paul Horton, inspector. Horton who is in the naval service and a ship operator, recently returned from Japan.

The aim of the organization just now is to get the radio and amplify the speech of Harding when he comes to give a large crowd here through speaking horn. Later plans will be made to establish a wireless school and provide an instructor.

The wireless telephone concerns that Murphy has been listening to on recently are sent regularly each evening from the Westinghouse in Pittsburgh from 7 to 9 o'clock. The concerns are followed by instructions.

The speaker, the jeweler, who is interested in wireless, was at the meeting and promised to help the boys in every way possible.

Next Week's Games
Tuesday: Burke vs. Midland; Heisey vs. P. Seniors.
Thursday: Printers vs. Monette; American Bottle vs. Heath.

The opening game in last night's industrial league presented the Monette team for its debut. The Monette squad evidenced its recent organization but showed promise of a quiet but will force the class B teams to the limit.

The Y seniors had a grand time against the novices and totaled the highest score this season in basket ball. The Y crew next week may wish it had such good basket shooting ability when it stacks up against the Heisey big six.

The second contest between the league leaders and Heath refinery again showed that the leaders mean to go through the season without defeat. The diamond H squad was never in danger during the game but continued to play hard closing the score 30 to 20. The Heisey squad plays Grove city team here Monday night. Tuesday night the Heisey squad play the Y Seniors.

HEBRON DEFEATS PREP TEAM OF CAPITAL U

The Hebron high school basketball team defeated the academy team of Capital University at Columbus last night in the last game of the season. It went overtime with a score of 18-20 in favor of Hebron. The only other defeat suffered by the Columbus team was at the hands of Hebron a few weeks ago at the Hebron floor. Hebron's game was preliminary to the college game between Capital University and the Baldwin-Wallace team.

On Saturday evening at 7:30, the boys and girls basketball team of the Millersport high school will play the boys and girls of the Hebron school. Hebron suffered defeat at Millersport a week ago. A hotly contested game is expected Saturday night.

Next Week's Games
Monday: First M. E. vs. Neal Ave.; Newark Business College vs. First Presbyterian.
Thursday: East Main vs. Junior Moose; Second Presbyterian vs. Maple Avenue.

In the first game Thursday night on the Y floor the East Main team came close to dropping a game by the forfeit route as only four men were on hand for the game. However four men were sufficient to take over the Maple Avenue C. U. by a big margin as this team seemed to be nervous and missed many easy shots which should have been turned into points. Vandebark, Radcliff and Donahoe made one field goal each which were the only scores made by this team. Most of the East Main team's scoring was done by Thany who scored seven baskets and Kirkman with six. Final score: East Main M. E., 33; Maple Avenue C. U., 6.

Although the Junior Moose won the second game by a pretty good margin, they had to step some to do it. The second Presbyterian bunch were playing in somewhat the same good style in which they started out the season and the team took a decided brace when Stowell went in in the second half. Stowell of the Junior Moose seemed to be carrying a horseshoe and his first shot was successful and the game on the shelf for the Moose team.

MILK STRIKE ENDS.
A short milk strike against a reduction in the price of butterfat paid by the creameries, and they determined to churn instead of selling cream. The supply of butter for a day or two was more than the local stores demanded and not enough to justify shipping arrangements, and prices went to smash. One day at least, as low as 15 and 18 cents was paid by Utes grocers. The strike has ended. Utes News Herald.

WELSH HILLS CHURCH.
A change has been made in the hour of services. Sunday school will be held at 9:30 o'clock. Church services at 10:45.

Only about five per cent of the lower animals are defective at birth.

AUTO ACCIDENT VICTIM HAS SISTER IN NEWARK

The body of Mrs. L. Davis of Cincinnati, who was drowned in the Miami and Erie canal near Dayton, Tuesday evening, was taken to the home of her parents, Mr. and Mrs. Alton Whitman, where funeral services were held today.

Mrs. Davis, whose husband is dead, accompanied Miss A. J. Davis, Dr. L. M. Gifford, Dr. Julian Gifford and Dr. L. P. Gifford of Cincinnati to Dayton relatives of Dr. Gifford. They were returning home, when the machine left the bank and plunged into the canal. All the party was rescued and Mrs. Davis was being removed from the car when she was drawn from the hands of her rescuers, the suction of the car in the water pulling her into the canal. The body was caught at the gates of the canal on her later.

Mrs. Davis, of 12 Service avenue is a sister of Mrs. Davis and other survivors are the parents at Kinkersville, a sister Edna and brother John of the home, another sister, Mrs. Mollie Davis who lives at Frankton.

MARIE BATES IS HERE WITH WARFIELD
David Warfield's engagement at the Auditorium theater on March 3rd in "The Return of Peter Grimm," will bring again to Newark that well-loved veteran of the stage, Marie Bates. She has been with Mr. Warfield ever since he became a star nineteen years ago, and last season she appeared in the original production of "The Return of Peter Grimm," which was directed by Warfield. This season she plays again the part that she originated nine years ago in "The Return of Peter Grimm." Mail orders now being received.

JUMPED TO MOVIES FROM FAST FREIGHT
When Engineer Leinard Clapham locked the wheels of his fast Missouri Pacific train near Wichita, Kansas, his passenger, who was sitting in the rear of the train, broke his leg, got a thousand dollars from the railroad for his daring and started himself toward fame as a photo player via the hospital.

Leonard Clapham, who is playing an important role in support of Frank Mayo in "Colorado," coming to the Alhambra theater next Sunday might never have been on the screen had it not been for the wreck. After eighteen weeks in the hospital he took his bonus of a thousand dollars and went to Los Angeles.

A fellow named J. Warren Kerrigan, with whom he went to school back in Louisville, Ky., had something to do with the movie and has asked him to visit him in New York.

Clapham found that J. Warren Kerrigan did have "something to do with the movie" and it was after a visit with the star that Clapham decided to try his luck on the screen. He has built up an enthusiastic army of fans and is now one of the most popular members of the film colony.

Before he was Mayo to play in support of Frank Mayo in "Colorado," he was featured in a series of fast short features produced by Universal.

NAZIMOVA DENIES WEARING PAJAMAS
Nazimova makes indignant denial of an assertion made recently in Los Angeles that she had adopted trousers, or even a dainty suit of pajamas as her working costume. What in reality the great screen actress wears while engaged in her multifarious activities about Metro's west coast studios in Hollywood, Cal., is a mandarin suit of pale blue silk.

While a mandarin suit is figuratively speaking a first cousin to pajamas, it is not bonfire attire by any means and may properly be worn as an afternoon garb by the most modest of women, if called by its correct name.

The costume has become familiar to residents of Hollywood, for Nazimova wears it during the between picture period while she edits and cuts her own productions. She finds that it affords less annoyance and permits of freer movement than conventional feminine skirts and other furbelows. Particu-
